CUSTOMER QUESTIONNAIRE:

Your Company Value Proposition:

You can include an “elevator pitch”, company boilerplate text, or any information that serves as a quick snippet introducing your company that shares who your business is.

What prompted the replacement or upgrade of your communications system?

Share the key challenge – e.g., operational cost savings, efficiency improvements, replacing ageing systems/hardware, need for modern UC features, etc.

What unique requirements did you have for the new system/equipment that were specific to your business?

What vendors/solutions did you consider during your research process?

Describe the overall solution implemented.

For example, share the products/services used, integration with other systems, # of deployment sites, implementation phases, time for deployment, etc.

What were the immediate results after deployment?

For example, share the benefits realized, feedback from users, etc.

How has replacing/upgrading your communication system impacted your business?

For example, cover the improvements in efficiency/productivity, impact on revenue, etc.

Which features or functions of your new solution have been most beneficial to your organization? Any favorites?

Why did you choose us? Any advice for similar organizations considering a new communication system?
